

Care, Learning, and Play Policy

Each day with us is an opportunity for a child to learn through play and fun activities.

Babies and young children develop best when they are in a caring relationship with an adult. A baby will learn to walk faster when they have a safe pair of arms to walk towards and learn to talk, when they have an adult listening and responding to them.

We will strive to provide your child with an environment that will be caring, fun and stimulating.

We will provide activities that support the main learning areas.

These activities will include:

- Dressing up clothes
- Books
- Weebles
- Construction toys (lego, building blocks etc)
- Pretend play (kitchen toys etc)
- Water play
- Arts and Crafts
- Cooking
- Gardening

We will at times observe your child and make a written record. This will enable us to make very simple plans on how we can help your child move onto the next stage of their development. These records are available for you to look at any time.

If there is a particular activity that you would like us to do with your child, please let us know. We are very happy to support activities that you are doing at home or events that have happened. For example if you have been to a wedding we can continue this theme by providing the children with material to use as wedding clothes and help them understand through books and other resources.
